### MONEY TO LOAN.

YOU ARE PROBABLY INTERESTED your children, and want to do all ur power to provide for their futu-dfare. It isn't any help to them your power to provide for their futu-welfare. It isn't any help to them move into a rented house, where y knew nothing of the people who ha been the previous tenants. Suppose th suffered from some contagious disco-with which your little ones may beco-afflicted. That is only one reason whi should prevent you from living in a ren-ed house when it is so easy to own yo-own home. We want you to build a hou-right away, according to your own platover home. We want you to build a house right away, according to your own plans. We have two reasons for this. We are not builders, but we want to see this a city of homes, and we want to loan you the money at reasonable interest to build, because we would prefer to put our surplus into securities of this kind.
